

Hitting the Finish Line for Your Degree and Getting Your Learners Permit for Your Career

Steve Schlough
Department Chair
University of Wisconsin-Stout
Menomonie, WI, USA

The University of Wisconsin is offering the course Enterprise Technology Seminar for the first time during this spring's semester. This presentation will explain how this course incorporates the knowledge, skills and attitudes that the students have obtained in the prerequisites courses. The presentation will follow the students' journey through the 21-credit sequence, providing insight the specifics of each course. It will also include how student centered learning, the use of curriculum provide by a panoply of vendors, and the power of partnerships.
