

Microsoft Academic
Conference for
Higher Education

June 19-20th, 2017

Message from the Global Program Lead

Katie Hasbargen, Ph.D.

Microsoft Dynamics Academic Alliance (DynAA), Microsoft

Welcome to the 2017 Microsoft Academic Conference for Higher Education!

It is a privilege for us to partner with you! Thank you for providing your students with the tools and experiences they need as they prepare to enter the workforce.

We are excited to meet with you June 19th – June 20th in Redmond, Washington.. The 2017 Microsoft Academic Conference for Higher Education is designed to provide you with opportunities to network with fellow educators and Microsoft experts to share new ideas regarding the most current curriculum, research, and technology. We will be sharing information with you regarding trends in technology and education, product features and functionality, and resources available to you from Microsoft. You will also have the opportunity to hear from your peers regarding their successes and best practices in the classroom. We hope you will take advantage of this opportunity to learn and expand your own knowledge and to make important connections with your peers.

We would like to extend a special thank you to Dr. Huei Lee, Professor at Eastern Michigan University for organizing the proceedings for this conference.

Thank you for taking time out of your busy schedule to attend the 2017 Microsoft Academic Conference of Higher Education. We are pleased you are here!

Warmest regards,

Katie Hasbargen, Ph.D.
